

Spark Rally Organizers' Resumes

Traffic Jams Speed Shop

Traffic Jams Speed Shop restores, repairs, maintains, builds, transports and appraises classic and modified vehicles. Traffic Jams organizational skills and network has led them to be able to organize very successful static style car shows. One constant theme has been that 100% of all proceeds became a charitable gift. No assets are retained.

The Traffic Jams reputation for successful car shows drew today's "vehicle nuts" to ask them to develop a road rally experience. In other words, a Spark Road Rally is now a part of the Traffic Jams Speed Shop portfolio of charitable activities.

Sparkling Survivor

Sparkling Survivor/Breathe Inc., is a cancer consulting and concierge service.

Their services include:

- Personalized consultations: They have an experienced team of oncology providers who provide personalized consultations.
- Care coordination: They connect patients with top-tier healthcare providers, treatment centers and support services.
- Emotional and practical support: They help patients and families cope with the emotional, financial and logistical challenges of cancer treatment.
- Educational resources: They provide resources, workshops and seminars that empower the patients and families with knowledge and information about prevention, treatment options and survivorship.

Your sponsorship will help us expand our reach, enhance our services and ensure that every individual and family affected by cancer receives the support and care they deserve.
